Sample Development Assessment for Curiosity

Curiosity Assessment

Lesson or Activity _____

Rating Level

Student

Tanya *Travis* *Natalie* *Umberto*

Level 1

Unaware of new things and shows little sign of interest even when these things are pointed out

Level 2

Often seems unaware of new things and shows little sign of interest even when these things are pointed out

Level 3

Is attracted by new things but looks at them only superficially or for a short time. Asks questions mostly about what things are and where they come from, rather than about how or why they work or relate to other things

Level 4

Usually shows interest in new or unusual things and notices details

Level 5

Shows interest in new or unusual things and notices details; seeks, by questioning or action, to find out about and to explain causes and relationships
