

ONLINE SOFTWARE SKILLS BUILDERS

Getting to Know You Presentation

In this activity you will be creating a set of transparencies and/or presentation that you can use to help your students get to know each other at the beginning of the school year. Follow each of the steps below to complete this project.

1. Start your presentation software.
2. Enter the text below in each slide:

Slide One

Getting to Know You

Meeting Your Classmates

Slide Two

Getting to Know You

- Pick a partner
- Take turns listening to your partner tell you
 - His or her name
 - Where he or she lives
 - What subjects he or she likes best
 - What he or she likes to do after school
 - His or her favorite TV show

Slide Three

Getting to Know You

- After listening to each other introduce yourselves
 - Write three sentence story about your partner
 - Include all the information they shared with you
 - End with something you like about your partner
